

KMSL – U-7/8 Goal Kick Line Rule 11/15/07

“At the U-7/8 level there will be a line added to the field that is 6 yards out from the goal box and will run the entire width of the field. The opposing team (team not taking the goal kick) must stay behind this line until the ball is kicked by the team in possession (team taking the goal kick). The team in possession can be in front of the line during the kick. The player taking the goal kick may not be the 1st player to touch the ball after it is kicked. Any other player from either team may play the ball after it is kicked.”
